299133 Flight Instructor

Educates and trains students in flight procedures, navigation, and aircraft operations, and supervises their flight practice, ensuring safety and compliance with aviation regulations.

Registration or licensing is required.

Alternative title

- Flying Instructor

Specialisation

- Helicopter Pilot Instructor

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 1: Bachelor Degree, higher qualification, or at least five years of relevant experience

New Zealand

- Skill Level 1: Bachelor Degree, higher qualification, or at least five years of relevant experience

Main tasks

- Develops detailed and structured lesson plans encompassing theoretical knowledge and practical skills
- Instructs students in the theory and principles of flying aircraft
- Conducts pre-flight and post-flight inspections of aircraft to ensure safety and airworthiness
- Demonstrates and explains the operation of aircraft controls and equipment
- Provides practical flight training to students, including take off, landing, and manoeuvring
- Monitors and evaluates students' progress, and provides feedback on their performance
- Maintains logs of student performance and their flying hours
- Prepares students for flight certification exams

299134 Helicopter Pilot

Flies helicopters to transport passengers, mail, or freight, or provide agricultural, aviation, or aerial surveillance services.

Registration or licensing is required.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 1: Bachelor Degree, higher qualification, or at least five years of relevant experience

New Zealand

- Skill Level 1: Bachelor Degree, higher qualification, or at least five years of relevant experience

Main tasks

- Controls the speed and angle of rotor blades to determine the elevation, velocity, and direction of helicopters
- Takes off and lands helicopters on clear, level surfaces, including helipads and platforms
- Performs precise manoeuvres, such as spot landings and low-level flights, in various weather conditions
- Communicates with air traffic control, ground crew, and other pilots to ensure safe and coordinated flight operations
- Performs pre-flight inspections, and records and adjusts flight plans as necessary to ensure passenger and crew safety
- Performs emergency procedures and manoeuvres in response to in-flight emergencies or equipment malfunctions of the helicopter
- May perform search and rescue missions, aerial photography, or transport critically ill or injured patients to hospital
- May inform passengers of safety procedures, assist passengers to board and disembark the helicopter, and load belongings or freight on and off helicopters

311132 Animal Husbandry Technician

Undertakes technical animal husbandry tasks, such as pregnancy testing, artificial insemination, lactation management, and providing nutrition assessment and advice to assist in the breeding, raising, and managing of livestock.

Registration or licensing may be required.

Specialisation

- Artificial Insemination Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Assists with breeding and raising livestock
- Monitors livestock to evaluate the effectiveness of feed formulae, and assists with the management of livestock nutrition and feeding programs
- Assists in controlled breeding experiments to develop improved livestock strains
- Artificially inseminates livestock for breeding purposes, conducts pregnancy tests, manages lactation, and cares for young animals
- Provides advice on breeding selection and techniques
- Monitors and maintains the health and welfare of livestock

- Collects and collates data for research and animal husbandry purposes

311133 Aquaculture or Fisheries Technician

Assists Aquaculture Farmers and Fisheries Scientists in raising and managing aquatic stock by undertaking onshore and offshore technical fish husbandry tasks, sampling water, and analysing data from ponds, pens, and tanks, and identifying common diseases and pests. Performs tests and experiments, and provides technical support in areas, such as research, production, servicing, and marketing.

Specialisations

- Fisheries Technical Officer
- Hatchery Technician (Aquaculture)

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Monitors and maintains water quality in aquaculture facilities, including the collection and analysis of water samples
- Identifies pathogenic microorganisms, fungi, and other pests harmful to aquatic stock, and assists in devising methods of control
- Examines environmental and other factors that influence the growth, health, and production of aquatic stock
- Monitors aquatic stock to gauge the effectiveness of feed formulae
- Assists in controlled breeding experiments to develop improved aquatic stock strains
- Conducts experiments and tests to improve aquaculture practices

- Provides technical support to Aquaculture Farmers and Fisheries Scientists
- Maintains and repairs equipment and infrastructure in aquaculture facilities

311134 Biosecurity Officer

Inspects and assesses goods, conveyances, plants, animals, and the environment for biosecurity risk to ensure compliance with laws and regulations, and to prevent the incursion and spread of exotic pests and diseases.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Inspects goods, ships, aircraft, passengers, plants, and animals, and assesses documentation to confirm compliance with biosecurity requirements
- Undertakes field work, such as insect trapping, plant surveillance, or livestock surveillance, to identify pests and diseases that pose a biosecurity risk
- Issues legal directions to control identified biosecurity risks
- Provides advice about biosecurity matters to customers, clients, staff, and managers
- Identifies trends in biosecurity risks, and reports to superiors to assist in targeting intelligence and risk-based activities
- Participates in biosecurity response activities to control and manage biosecurity incidents
- Maintains records of biosecurity inspections, assessments, and enforcement actions

311431 Phlebotomist

Extracts, collects, labels and preserves blood and other specimens from patients for laboratory analysis.

Alternative titles

- Pathology Collector
- Specimen Collector

Specialisation

- Blood Collector

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Gathers necessary equipment and supplies for specimen collection
- Explains the procedure to patients and addresses any concerns or questions
- Prepares the collection site and cleans the area with antiseptic
- Selects the appropriate collection method and collects blood or other specimens from patients
- Labels and properly documents collected specimens for accurate identification and tracking
- Ensures proper handling and storage of collected specimens to maintain integrity and prevent contamination
- Adheres to infection control and safety protocols during specimen collection
- Maintains accurate records of collected specimens and related information
- Collaborates with laboratory staff to ensure timely and accurate processing of specimens

311531 Chemical Technician

Performs laboratory tests on organic and inorganic chemicals, analyses test data, and carries out technical functions in support of Chemists or Chemical Engineers in a wide variety of areas, such as fuels, agricultural products, food, pharmaceuticals, paints, metals, plastics, textiles, detergents, paper, fertilisers, and cosmetics.

Fire assayers are excluded from this occupation. Fire assayers are included in Occupation 313935 Metallurgical or Materials Technician.

Specialisations

- Chemistry Laboratory Technician
- Dairy Laboratory Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Assists in setting up and conducting chemical experiments, tests, and analysis on organic and inorganic chemicals according to existing procedures
- Assists in the fabrication, installation, and modification of chemistry equipment to ensure it meets standards
- Collects samples from production batches, and tests them for impurities and defects
- Sets up and maintains chemistry laboratory equipment, instruments, and inventory
- Assists in monitoring the quality of products and processes at chemical manufacturing facilities to ensure they meet standards and specifications
- Undertakes a limited range of technical activities to support chemical research

311532 Earth Science Technician

Collects and tests earth and water samples, records observations, and analyses data in support of Geologists, Geophysicists, and other earth scientists.

Specialisations

- Earth Science Laboratory Technician
- Geology Technician
- Geoscience Laboratory Technician
- Geotechnician
- Meteorological Observer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Assists in the collection, preparation, testing, and analysis of rock, soil, and water samples
- Calibrates and maintains testing equipment used by earth scientists
- Assists Geologists, Geophysicists, and other earth scientists in the analysis of data
- Supports earth scientists in practical field operations by planning field work, arranging access to sites, and ensuring supplies and equipment are available for field surveys
- Conducts surveys on field sites and other areas of interest
- Collects, records, and analyses weather conditions information

311534 Hydrographer

Measures, analyses, and maintains the flow and quality of water in rivers, lakes, stormwater, and sewage, and assists with surveying and mapping oceans, seas, and rivers.

Hydrographic surveyors are excluded from this occupation. Hydrographic surveyors are included in Occupation 242299 Geospatial Information Professionals and Surveyors nec.

Alternative titles

- Hydrographic Technician
- Water Monitoring Officer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Performs routine mathematical calculations, and assists in undertaking measurements for surveying and charting bodies of water
- Installs, calibrates, and maintains hydrography equipment to monitor water levels and flow, meteorology, sediments, and water quality
- Assists in the collection of water surveying data, such as coastline identification, bed relief or depth, and heights of water in oceans, rivers, or lakes, using navigation systems
- Measures the depth of water bodies, and monitors turbidity and the accumulation of silt
- Uses underwater acoustic equipment to establish and monitor tidal data and outline coastlines

311535 Life Science Technician

Identifies, collects, and tests living organisms, and conducts field and laboratory studies in support of Life Scientists, Medical Scientists or Environmental Scientists.

Registration or licensing may be required.

Fisheries technical officers are excluded from this occupation. Fisheries technical officers are included in Occupation 311133 Aquaculture or Fisheries Technician.

Specialisations

- Biological Technical Officer
- Environmental Technical Officer
- Forestry Technician
- Microbiology Analyst
- Veterinary Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Assists in the collection and identification of living organisms
- Assists in maintaining records of collected specimens
- Assists with experiments conducted on living organisms and analysis of data collected about them
- Provides technical services and support for scientists in several fields, including biology, agriculture, and environmental science

- Examines and collects body fluids or tissue from animals for scientific analysis or veterinary inspection
- Observes and records the health and behaviour of animals in laboratories, veterinary clinics, and agricultural settings

311536 School Laboratory Technician

Provides the knowledge, skills, and support necessary for practical science activities to be run in schools, and ensures the safety of staff and students in science laboratories, with a focus on chemical and laboratory management.

Registration or licensing is required.

Alternative title

- School Laboratory Manager

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares, distributes, and sets up samples and/or demonstrations, equipment, and associated scientific materials for practical teaching laboratory use
- Assists science teaching staff with demonstrations, instruction of students on the use of equipment during science experiments, and the application of safety measures
- Maintains scientific teaching resources, classrooms, storerooms, preparation rooms, and laboratories in a clean, safe, orderly, and secure manner
- Operates laboratory equipment, and performs routine operator maintenance and instrument calibrations as required, in compliance with manufacturer specifications
- Maintains a safe laboratory waste storage and disposal system in accordance with departmental guidelines
- Works within a budget to ensure that laboratories have the correct equipment to carry out practicals
- Performs record keeping and stocktaking of equipment and materials within the science department

- Ensures personal protective equipment (PPE) is in working order, communicates safety concerns to teachers, and writes standard operating procedures for equipment and processes to ensure student and staff safety

311599 Science Technicians nec

This occupation group covers Science Technicians not elsewhere classified.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Occupations in this group include:

- Calibration Technician
- Drug and Alcohol Tester
- Environmental Field Technician
- Fibre Technologist
- Fingerprint Expert
- Textile Technical Officer

312131 Architectural Technician

Coordinates technical and design information, and monitors the technical progress of architectural projects. Assists with preparing building designs, regulatory applications, and construction specifications.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Collates and organises technical building information, interprets designs, and uses models to display architectural plans and specifications using computer-aided design (CAD) software and drawings
- Assists Architects and building designers by converting designs into blueprints and models
- Interprets designs for Construction Managers, and assists in resolving design construction issues by modifying blueprints and relaying any changes under the instruction of Architects and building designers
- Monitors the technical progress of projects to ensure compliance with design specifications, building codes, and health and safety standards
- May coordinate and manage building information modelling (BIM) architecture software, or develop and implement BIM standards for workplaces

312132 Building Designer

Creates designs, plans, documents, and concepts for buildings, renovations, and extensions designs in consultation with Architects, builders, and contractors.

Registration or licensing may be required.

Alternative titles

- Architectural Associate
- Architectural Draftsperson

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Consults with Architects, builders, and clients to understand design requirements and gather feedback on building designs, and prepares early design models for engineering and estimation purposes using building information modelling (BIM)
- Takes measurements and dimensions, and performs other routine calculations for building or renovation design layouts
- Provides design recommendations to clients based on factors, such as budget and building site consideration
- Produces architectural documentation for sketch design and to support applications to councils
- Prepares building designs, models, concepts, and estimations using computer-aided design software (CAD), 3D modelling and BIM software
- Ensures building, renovation, and extension designs comply with regulations and standards, and client, certifier, and consultant requirements

312133 Detailer Drafter

Produces detailed plans, drawings, and other documents based on architectural and engineering drawings using building information modelling (BIM) for fabricators to manufacture and erect frames, columns, beams, braces, and trusses used in residential, commercial, and industrial buildings and infrastructure.

Specialisations

- Steel Detailer
- Structural Steel Detailer
- Truss Detailer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Uses BIM technology to prepare plans, drawings and other documents, including specifications for materials required, detailed measurements, and installation instructions for building contractors
- Determines the appropriate material for each task based on design plans, and ensures that all designs meet relevant standards and regulations
- Performs calculations to estimate the quantity of materials required to complete a project
- Develops detailed 3D models to detect model clashes to mitigate construction delays and site rectification costs
- Collaborates with Architects, engineers, and project managers to ensure the accurate translation of designs into construction plans

312134 Landscape Designer

Designs and creates detailed plans and drawings for residential landscapes and small public or commercial landscape projects, with an emphasis on speciality horticulture and the integration of hard landscape elements to improve the aesthetic and functionality of outdoor spaces.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Consults with clients to prepare outdoor design briefs suitable for the site and the client's lifestyle, budget and preferred aesthetic
- Assesses local site conditions to determine factors that may impact landscape designs
- Explores applications of materials, techniques and trends in landscape design
- Prepares design concepts and drawings for residential gardens including all elements of the hard landscaping design, lighting, soils, drainage and irrigation
- Specifies materials and products used in the construction of landscapes to achieve the desired result for clients
- Collaborates with other professionals, builders and associated trades to prepare landscape construction cost estimates for clients
- Provides advice on ornamental and amenity horticulture, soil improvement, and functional outdoor design in keeping with the surrounding architecture
- Provides recommendations for the ongoing maintenance of newly constructed landscapes or gardens

312135 Surveying Technician

Collects and records survey data using surveying instruments, such as total stations, GPS equipment, levels, and laser scanners. Analyses survey data to develop plans and reports in support of Surveyors.

Specialisation

- Survey Draftsperson

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares sketches used to place physical markers on land to define the accurate position of features such as existing property boundaries, proposed building layouts, utilities and road margins on building, construction and mine sites
- Processes data and makes calculations recorded from fieldwork and surveys to prepare detail and feature plans, maps, and technical reports
- Maintains and calibrates surveying equipment to ensure accuracy
- Analyses, interprets, and manipulates survey data to create computer-aided design (CAD) and other information models

312231 Building Inspector

Inspects and reports on the structural quality and safety of buildings. May perform tasks related to regulatory building inspection and reporting in support of Building Surveyors.

Registration or licensing may be required.

Specialisations

- Electrical Installation Inspector
- Swimming Pool Inspector

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Undertakes pre-purchase building inspections on behalf of clients and prepares pre-purchase reports
- Identifies non-structural defects, structural issues, and conditions that may contribute to structural issues in buildings, and provides reports on their severity along with recommendations for a course of actions to be undertaken within a suggested timeframe
- Advises builders, contractors, and property owners on building regulations and requirements
- May carry out inspection of buildings to verify if building work complies with approved permits, and legislative and building regulations, and produces reports on their non-compliance at the request of a Building Surveyor

312232 Energy Assessor

Assesses the energy efficiency of buildings by using computer modelling tools to predict the heating and cooling requirements of buildings based on the design, materials, and construction.

Alternative titles

- Energy Efficiency Assessor
- Thermal Performance Assessor

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Uses approved software and information from building plans to model potential consumption of energy for heating and cooling purposes to verify compliance with national building codes
- Assesses and certifies the thermal performance of buildings
- Advises on building orientation, materials, and construction to improve thermal performance
- Measures and prepares reports on the energy use of buildings, including appliances, heating and cooling, and solar batteries
- Collaborates with Architects, building designers, building surveyors, and energy and sustainability engineers to optimise the thermal performance of buildings

313131 Civil Engineering Draftsperson

Prepares detailed drawings and plans for civil engineering work in support of Civil Engineering Professionals and Engineering Technologists.

Registration or licensing may be required.

Alternative title

- Civil Designer

Specialisations

- Hydraulic Designer (Civil)
- Road Designer
- Structural Draftsperson
- Transport Designer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares detailed drawings and plans for civil engineering projects
- Uses computer design software to convert civil engineering sketches into digital documents
- Creates topographical and relief maps of locations hosting new civil development projects
- Incorporates design changes and updates into existing drawings and plans based on feedback from engineers and architects

313132 Civil Engineering Technician

Conducts tests of construction materials, prepares sketches and tabulations, and assists in estimating costs in support of Civil Engineering Professionals and Engineering Technologists.

Registration or licensing may be required.

Specialisations

- Civil Laboratory Technician
- Hydraulic Engineering Technician (Civil)

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares sketches, drawings, and tabulations to assist in the design and planning of civil engineering projects
- Performs laboratory testing and analyses data from construction sites to support Civil Engineering Professionals
- Assists with the inspection, organisation, and supervision of civil engineering works to ensure adherence to project timelines and compliance with engineering specifications and safety standards
- Assists with estimating quantities and costs of materials and labour required for civil engineering projects

313231 Electrical Engineering Draftsperson

Prepares detailed drawings and plans of electrical installations and circuitry in support of Electrical Engineering Professionals and Engineering Technologists.

Registration or licensing may be required.

Specialisations

- Electrical Engineering Design Draftsperson
- Electrical Engineering Detail Draftsperson
- Electrical Engineering Drafting Officer
- Relays Draftsperson
- Substation Design Draftsperson

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares detailed drawings, plans, and diagrams of electrical installations and circuitry
- Collaborates with Electrical Engineers and Engineering Technologists to ensure the accuracy of electrical drawings and plans
- Uses computer-aided design (CAD) software to create and modify electrical drawings and plans
- Conducts site visits to gather information and measurements for electrical installations
- Calculates and determines dimensions, materials, and specifications for electrical installations and circuitry
- Inspects electrical designs for compliance with design specifications and government regulations

313232 Electrical Engineering Technician

Supports and assists Electrical Engineering Professionals and Engineering Technologists in the design, testing, maintenance, and modification of electrical systems, prepares charts and tabulations, and assists in cost estimation.

Registration or licensing may be required.

Alternative title

- Electrical Engineering Technical Officer

Specialisations

- Electrical Estimator
- Electrical Instrument Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Supports and assists Electrical Engineers and Engineering Technologists in designing and developing electrical systems
- Installs, commissions, tests, monitors, repairs, and maintains electrical systems, ensuring systems are in line with relevant safety regulations
- Assists in estimating material costs and quantities for electrical work in industrial or commercial sectors to support engineering teams
- Ensures relevant documentation is up to date, including the writing of service reports for electrical systems
- Collects data, conducts tests, and reports on test results utilising various formats, including the use of computer-aided design (CAD), graphs, charts, tabulations, and calculations for clarity

313433 Marine Surveyor

Surveys the machinery, equipment, and hulls of vessels to ensure they are constructed, equipped, and maintained according to safety standards, rules, and regulations laid down by marine authorities.

Registration or licensing is required.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Inspects and examines vessels and equipment to ensure compliance with international and national regulations, and identifies any damage or defects
- Reviews and interprets technical drawings, plans, and specifications related to ship construction
- Conducts surveys and inspections during construction, repair, or maintenance
- Assesses damage to vessels on behalf of insurance companies for insurance claims
- Tests and evaluates ship systems, such as navigation and communication
- Documents survey findings and recommendations, evaluating the vessel's overall condition
- Advises ship owners, operators, and builders on compliance issues

313931 Biomedical Technician

Tests, calibrates, repairs, services, and maintains biomedical equipment using a variety of tools and computer applications to keep biomedical machinery operating in optimal conditions.

Registration or licensing may be required.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Conducts scheduled maintenance, quality control checks, and electrical safety inspections of biomedical equipment to ensure safe and effective operation
- Installs and calibrates biomedical equipment or components
- Demonstrates and assists with the operation of specialised biomedical equipment
- Cleans, repairs, and replaces biomedical equipment when necessary

313932 Electronic Engineering Technician

Supports and assists Electronics Engineers and Engineering Technologists in circuitry design, testing, data collection, and analysis, and assembles circuitry of electronic systems.

Registration or licensing may be required.

Specialisations

- Broadcast Engineer
- Hearing Aid Technician
- Simulator Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Collects data, performs analysis, and maintains and repairs electronic systems
- Conducts tests on components and equipment to ensure functionality and performance in line with industry standards
- Assembles circuitry and electronic components according to engineering specifications
- Assists electronics engineers and engineering technologists in designing and developing electronic systems
- Installs, configures, calibrates, and adjusts electronic instruments and equipment
- Documents test results, data analysis, and circuitry assembly procedures

313933 Mechanical Engineering Draftsperson

Prepares detailed drawings and plans of mechanical engineering work in support of Mechanical Engineers and Engineering Technologists.

Alternative title

- Mechanical Designer

Specialisations

- Hydraulic Designer (Mechanical)
- Piping Designer
- Tool Designer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Prepares detailed drawings and plans of mechanical engineering work
- Ensures plans and drawings of mechanical engineering work comply with industry standards and regulations
- Creates detailed blueprints that manufacturers can use for mass production of mechanical parts
- Uses computer-aided design (CAD) software and 3D printing to create models of mechanical parts, and specify product dimensions and quantity of materials needed

313935 Metallurgical or Materials Technician

Tests techniques, procedures, and applications of equipment and materials as part of processing and refining, and/or research into metals, ceramics, polymers, and other materials.

Non-destructive Testing (NDT) Technicians are excluded from this occupation. Non-destructive Testing Technicians are included in Occupation 313936 Non-destructive Testing Technician.

Specialisations

- Fire Assayer
- Welding Engineering Technician
- Welding Inspector (Non-NDT)

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Obtains, measures, and prepares ore samples for testing
- Reviews and approves welding procedures
- Conducts metallurgical laboratory test work to troubleshoot performance and advise on how to improve manufacturing techniques
- Inspects, measures, and assesses the quality and strength of welds to ensure they comply with standards and specifications

- Assists metallurgists and other professionals in the use of complex equipment for metal production

313936 Non-destructive Testing Technician

Uses non-destructive testing (NDT) techniques to examine and test the functionality and performance of objects, structures, or materials without damaging or affecting their functionality.

Registration or licensing may be required.

Alternative title

- NDT Technician

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Uses NDT techniques to study the properties of materials and structures
- Uses NDT techniques to test materials at all stages of a manufacturing or construction process
- Tests and identifies product flaws and structural weaknesses using NDT techniques
- Conducts NDT to determine where corrosion may occur and how it will spread
- Calibrates and maintains NDT equipment

331131 Metal Fabricator

Marks off and fabricates structural steel and other metal stock to make, assemble, or repair metal products, pipes, and structures, such as boilers and pressure vessels.

Sheetmetal Fabricators are excluded from this occupation. Sheetmetal Fabricators are included in Occupation 331936 Sheetmetal Worker.

Alternative title

- Boilermaker

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Studies blueprints, drawings, and specifications to determine fabrication job requirements
- Measures and marks out the size, shape, and location of cutouts and joints on metal stock
- Uses specialised tools to cut, bend, or shape metal into the desired structure or product
- Joins metal sections together by welding, bolting, and riveting
- Examines welds for width of bead, penetration, and precision, and performs necessary repairs or reworks
- Cleans and smooths welds by filing, chiselling, and grinding
- May program machinery or computer-aided fabrication tools to optimise the metal fabrication process

331132 Pressure Welder

Assembles, welds, and repairs pressure vessels and pipes to relevant standards.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Reads and interprets blueprints and technical specifications to determine appropriate welding techniques for pressurised systems
- Examines welds for width of bead, penetration, and precision, and performs necessary repairs or reworks
- Shapes, bends, cleans, and smooths metal sections and pipes using hand and machine tools, and by heating, hammering, filing, and chiselling
- Welds pressurised pipelines used for transporting oil, gas, and other high-pressure substances
- Conducts tests on welds to ensure there are no leaks in the pressurised systems
- Applies post-weld treatments to relieve stress and enhance the strength of the welded joints on pressure-containing equipment

331133 Welder (First Class) (Aus) / Welder (NZ)

Fabricates and repairs metal products using various welding techniques.

Specialisation

- Special Class Welder

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Interprets engineering drawings and specifications to determine welding requirements
- Applies appropriate welding techniques to join metal sections
- Monitors and adjusts welding parameters to ensure quality and integrity of welds
- Cleans welds by filing, chiselling, and grinding
- Inspects and tests welded joints for defects and compliance with specifications

331931 Blacksmith

Shapes bars, rods, and blocks of metal by heating and hammering to produce or repair metal articles.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Collaborates with clients to understand their specific metalworking needs
- Heats metal blocks, bars, and rods in a forge, then shapes the metal using hammers, anvils, and other tools
- Welds or joins metal pieces together
- Trims, cuts, and files metal to remove excess material
- Repairs damaged metal articles by heating and reshaping them
- Inspects finished products for quality and accuracy

331932 Electroplater

Controls plating processes and maintains solutions used to coat metal articles and other parts with non-ferrous metals.

Specialisation

- Galvaniser

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Sets up and operates electroplating equipment
- Prepares electrolytic and silver solutions for electroforming, and applies solution to the objects to be coated
- Cleans, prepares, descales, and removes all oxides from the surface of metal materials with cleaning solutions, such as acids, alkalis, and preflux solutions
- Masks areas not to be electroplated with silicon or oil-based paints
- Places articles in zinc solution for surface coating to reach government or manufacturing specifications
- Tests and adjusts plating solutions to maintain desired specifications
- Inspects plated articles and parts for defects and quality

331933 Farrier

Inspects, trims and shapes horses' hooves, and forms, fits and nails horseshoes.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Inspects horses' hooves and assesses their condition
- Trims and shapes horses' hooves
- Measures horses' hooves for appropriate shoe size
- Fits and nails horseshoes securely onto hooves
- Provides advice to horse owners on hoof care and shoeing
- Prevents disease and cultivates overall hoof health

331934 Metal Casting Trades Worker

Forms sand moulds and cores for the production of metal castings.

Specialisation

- Moulder

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Sets up and operates equipment and machinery for sand moulding and core making
- Produces and prepares moulds and cores using boxed and boxless moulding
- Packs and compacts sand to ensure proper mould formation
- Pours molten metal into prepared casts to create metal castings
- Inspects moulds and cores for defects and repairs, or replaces as necessary
- May setup, use, and program robotic machinery with appropriate metal working tools to finish metal products

331935 Metal Polisher

Polishes metal to impart smooth, reflective, and other finishes.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Selects appropriate polishing materials and equipment
- Applies polishing compounds or abrasive materials to metal surfaces
- Uses hand tools or power tools to polish metal surfaces
- Removes scratches, blemishes, or other marks from metal surfaces
- Grinds and smooths welded seams and joints
- Inspects polished surfaces for defects or imperfections
- Applies protective coatings or finishes to polished metal surfaces

331936 Sheetmetal Worker

Marks out, shapes, forms, and joins sheetmetal and other materials to make products and components.

Alternative title

- Sheetmetal Fabricator

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Studies blueprints, drawings, and specifications to determine job, material, and equipment requirements
- Selects metal stock, such as stainless steel, galvanised iron, mild steel, aluminium, and copper, and checks sizes, gauges, and other dimensions of metal stock against specifications
- Marks out metal stock with reference points and lines, using templates, gauges, and other measuring instruments
- Cuts metal stock along guidelines using hand and power shears, computerised laser, and plasma cutters, guillotines, and drills
- Shapes and forms cut metal stock into products using folding and bending machines, rollers, presses, and hammers
- Fits and assembles components into final products by welding, riveting, soldering, brazing, and otherwise joining
- Finishes products by polishing, filing, sanding, and cleaning assembled products
- May specialise in fabrication, or on-site assembly and installation, of sheetmetal products
- May produce aircraft sheetmetal components

3322 Metal Fitters and Machinists

Fit and assemble fabricated metal parts into products, set up machining tools and production machines, and operate machining tools and machines to shape metal stock and castings.

ANZSCO skill level

The occupations in this unit group have a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

332231 Fitter (General)

Fits and assembles metal parts and subassemblies to fabricate production machines and other equipment.

Agricultural Mechanics, Diesel Mechanics and Light Plant Mechanics repairing light automotive vehicles and mobile plant are excluded from this occupation. Agricultural Mechanics, and Diesel Mechanics repairing light automotive vehicles and mobile plant are included in Unit Group 3514 Specialist Automotive Technicians. Light Plant Mechanics repairing light automotive vehicles and mobile plant are included in Unit Group 3511 Automotive Technicians (General).

Specialisations

- Diesel Fitter-Mechanic
- Drill Fitter
- Fitter-Machinist
- Fitter-Mechanic
- Locomotive Maintainer
- Maintenance Fitter
- Mechanic (Diesel and Heavy Earthmoving Equipment)
- Stationary Plant Mechanic

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Reads and interprets engineering drawings and specifications
- Measures and fits metal components using hand tools, power tools, and machines
- Fits fabricated metal parts into products and assembles metal parts and subassemblies to produce machines and equipment
- Repairs and maintains machines and equipment by replacing or repairing faulty parts
- Operates machines and equipment to fabricate metal components

- Tests and adjusts machines and equipment to ensure proper functioning

332232 Fitter and Turner

Fits, assembles, grinds, and shapes metal parts and subassemblies to fabricate production machines and other equipment.

Specialisation

- Fitter Armament (Army)

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Reads blueprints and technical specifications to understand the requirements for the metal component to be machined
- Prepares and configures machine tools for specific jobs, and ensures correct fixtures, settings, and tools are applied
- Forms metal stock and castings to fine tolerances using machining tools to press, cut, grind, plane, bore, and drill metal to specific dimensions
- Fits and assembles metal parts and subassemblies according to engineering specifications
- Checks fabricated and assembled metal parts for accuracy, clearance, and fit using precision measuring instruments
- Tests and adjusts completed machines and equipment to ensure proper functioning
- Performs operational maintenance of machinery

332233 Fitter-Welder

Fits, assembles, and welds metal parts and subassemblies to fabricate production machines and other equipment.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Interprets engineering drawings and specifications
- Measures metal components for cutting, shaping, and welding
- Fits and assembles metal parts according to engineering specifications
- Cuts and shapes metal components using hand and power tools
- Welds metal components using various welding techniques
- Cleans welds by filing, chiselling, and grinding
- Inspects and tests welded components for quality and compliance with specifications

332234 Metal Machinist (First Class)

Sets up and operates machine tools to shape and form metal stock and castings to fine tolerances, using drawings and specifications.

Specialisations

- Automotive Machinist
- Computer Numerical Control Machinist (Metal)
- Engine Reconditioner

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

332331 Engineering Patternmaker

Constructs full-size engineering models, usually made out of timber, which are used in manufacturing to produce metal castings, copy models, vacuum form tooling, and tooling for automotive, aircraft, or fibreglass industries.

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Interprets engineering drawings to determine pattern requirements
- Prepares materials for pattern construction
- Tests and modifies patterns for desired results
- Creates moulds and core boxes for casting processes
- Constructs engineering models using woodworking tools
- Maintains and repairs patterns

332333 Gunsmith

Modifies, services, and repairs rifles, revolvers, other firearms, ammunition, and protective gear, and conducts preventive maintenance of weapons used by defence, law enforcement, and other organisations.

Registration or licensing is required.

Specialisation

- Armourer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Inspects, tests, maintains, and repairs firearms, ammunition, and protective gear to ensure proper functioning and compliance with licensing and safety regulations
- Modifies, alters, and calibrates rifles, revolvers, and other firearms for optimisation
- Performs preventive maintenance tasks, including cleaning and lubricating weapons to ensure proper functioning of weapons and armour
- Carries out destruction of obsolete firearms and other controlled items
- Maintains detailed records of equipment maintenance, repairs, and inspections
- May oversee the storage, distribution, and inventory of ammunition

342232 Tree Worker

Maintains and cares for individual trees and shrubs in urban environments by pruning and shaping branches, treating for pests and disease, removing dead or decaying trees, and advising on general tree care. Often employs specialist skills, including aerial access of the tree using rope access or elevated work platforms.

Alternative title

- Tree Surgeon

Specialisation

- Utility Tree Worker

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Prunes and shapes branches of trees and shrubs to maintain their health and appearance
- Treats trees and shrubs for pests and diseases
- Removes dead or decaying trees to ensure safety and prevent potential hazards
- Provides advice on general tree care to clients
- Utilises skills, such as aerial access using ropes or elevated work platforms, to prune, shape, or remove trees
- Performs tree risk assessments
- Maintains and operates equipment and tools used in tree care, such as chainsaws and pruning shears

351331 Panelbeater

Repairs damage to metal, fibreglass, and plastic body work on vehicles, and forms replacement vehicle panels.

Registration or licensing may be required.

Alternative title

- Collision Repairer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Assesses vehicle damage and determines the best method of repair
- Removes damaged panels and parts, and straightens bent frames and panels using hydraulic jacks and pulling devices
- Fills depressions with body filler, smooths surfaces using sandpaper, and fits and welds replacement panels into place
- Repaints repaired surfaces using spray guns and other painting equipment
- Reassembles vehicle parts, and checks for proper alignment and functioning
- Tests repaired vehicles to ensure safety and quality standards are met

351433 Diesel Technician

Maintains, tests, and repairs diesel motors, and the mechanical parts of trucks, buses, and heavy and lightweight vehicles with diesel engines. These mechanical parts include transmissions, suspension, steering, and brakes.

Registration or licensing may be required.

Alternative title

- Diesel Motor Mechanic

Specialisation

- Automotive Heavy Mechanic

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Inspects diesel motors in heavy and lightweight vehicles, and mechanical parts to identify faults and determine repair requirements
- Tests and diagnoses faults in diesel motors and mechanical systems using electronic diagnostic equipment, and interprets findings
- Dismantles and removes engine assemblies, transmissions, steering mechanisms, and other components, and checks parts
- Repairs or replaces worn and faulty parts by welding, bolting, riveting, or soldering
- Reassembles engine components and installs repaired engines in vehicles
- Adjusts and repairs electrical and mechanical systems, such as ignition, fuel injection, and cooling and lubrication systems
- Tests and adjusts mechanical systems after repairs and servicing

- Performs routine maintenance, such as changing oil, checking batteries, and lubricating equipment and machinery

371231 Concreter

Pours, spreads, smooths and finishes concrete and installs reinforcements to strengthen concrete for structures such as floors, stairs, ramps, footpaths and bridges. Reads and interprets construction plans, and supervises Concreter's Labourers.

Registration or licensing may be required.

Alternative title

- Concrete Worker

Specialisations

- Concrete Cutter
- Concrete Finisher
- Concrete Patcher

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Reads and interprets construction plans and specifications
- Determines the quantity and type of concrete required for a project
- Supervises and directs the work of Concreter's Labourers
- Prepares the site for concrete pouring, including clearing and leveling the area
- Installs reinforcement materials, such as rebar, to strengthen concrete
- Mixes and pours concrete into the designated areas
- Spreads and levels concrete using tools, such as screeds and trowels
- Finishes concrete surfaces to achieve the desired texture and appearance
- Cures and protects concrete to ensure proper hardening and durability
- May construct formwork to hold wet concrete in place

381132 Electrical Fitter

Fabricates, services, and repairs electrical equipment, such as motors, transformers, and switchboards. May work on rail signalling infrastructure.

Registration or licensing may be required.

Specialisations

- Armature Winder
- Marine Electrician
- Railway Signal Electrician
- Switchboard Builder

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

Main tasks

- Carries out electrical fitting and assembling works, including placing, aligning, and adjusting for heavy current equipment and machines, or fabricates parts for such equipment
- Installs, modifies, or repairs electrical machines and equipment, such as motor starters, motors, controllers, switchgear, switchboards, busbars, transformers, control panels, and defence systems
- Interprets and uses electrical specifications, wiring and circuit diagrams, plant schematics, schedules, and specifications to undertake electrical wiring work associated with assembling, maintaining, terminating, or altering the wiring between electrical components within plant or machinery
- Inspects, tests, commissions, maintains, and services electrical systems, machines, equipment, and components
- Installs and maintains meters, instruments, relays, and protection equipment
- Performs isolations - energy lock out/tag out procedures (LOTO)

411631 Family Support Worker

Provides advice and support to children, young people, and families with diverse needs, within the home environment and community, in a culturally safe manner.

Social Workers and Welfare Workers are excluded from this occupation. Social Workers are included in Occupation 261331 Social Worker. Welfare Workers are included in Occupation 411637 Welfare Worker.

Alternative titles

- Family Case Worker
- Family Services Worker
- Family Support Officer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Identifies families who require additional support and provides internal/external referrals
- Ensures families can access appropriate services, and encourages families and individuals with particular needs to participate in informal discussion, counselling, or support groups
- Assists and collaborates with Social and Welfare Workers to develop holistic plans by establishing family assessments, safety plans, goals, and interventions to ensure safety and wellbeing, and empower families towards positive change
- Liaises and collaborates with case workers and case work managers to ensure high quality service delivery, and provides updates regarding any issues and problem solves with them
- Assists with transporting clients to services and appointments
- Encourages parents to join community groups and playgroups
- Supports and advocates for the appropriate clinical care of mothers, babies, and the wider family group

- Supports children being cared for by foster carers

411732 Youth Justice Worker

Supports young people in a correctional setting to improve their education and work skills, maintain family links, and assist them with integration into the community.

Prison Officers and Residential Youth Workers are excluded from this occupation. Prison Officers are included in Occupation 452131 Correctional Officer. Residential Youth Workers are included in Occupation 411731 Residential Youth Worker.

Alternative titles

- Youth Correctional Officer
- Youth Custodial Officer
- Youth Justice Officer

Specialisation

- Youth Detention Worker

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 2: AQF Associate Degree, Advanced Diploma, Diploma, or at least three years of relevant experience

New Zealand

- Skill Level 2: NZQF Diploma, or at least three years of relevant experience

Main tasks

- Assists with the implementation of education, rehabilitation, and other programs to enable reintegration into the community
- Engages individuals in education and recreational activities through active participation, encouragement, and mentoring
- Develops age-appropriate living and domestic skills, and helps establish healthy personal hygiene routines
- Engages with young people, conducts risk assessments, undertakes searches and monitors behaviours
- Helps develop positive family relationships, supports young people to be involved in their communities, and engages with employment services
- Understands the youth justice system, relevant legislation, processes and procedures, and establishes and maintains positive and productive working arrangements with a range of stakeholders
- Supervises detainees in transit between courts, prisons, and other facilities

452241 Security Screening Officer

Conducts screening of persons, items, and cargo entering high security facilities to identify and remove dangerous or prohibited items, and ensure the security of the premises.

Registration or licensing is required.

Specialisations

- Aviation Protection Officer
- Court Security Officer

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 4: AQF Certificate II, AQF Certificate III, or at least one year of relevant experience

New Zealand

- Skill Level 4: NZQF Level 2 or 3 qualification, or at least one year of relevant experience

Main tasks

- Controls access to, and conducts screening at, security checkpoints within high security facilities, such as airports, ports, and law courts
- Uses X-ray equipment, body scanners, metal detectors, explosive trace detectors, and frisk or physical searches to screen visitors, parcels, staff, passengers, hand luggage, and checked baggage for weapons, explosives, and suspicious or prohibited items
- Maintains security and order within and around high security zones and facilities, including by watching for irregularities, inspecting vehicles, and responding to disturbances
- Responds to security incidents, maintains detailed records, and reports incidents to appropriate authorities
- Complies with security and safety procedures and regulatory requirements
- May monitor and maintain security within court rooms, and escort high risk persons within secure areas

462331 Lifeguard

Looks after the safety of people at beaches or swimming pools through accident prevention and rescue, and educating the public on water safety.

Registration or licensing is required.

Specialisations

- Beach Lifeguard
- Pool Lifeguard

ANZSCO skill level

This occupation has a skill level corresponding to the qualifications and experience below.

Australia

- Skill Level 3: AQF Certificate III including at least two years of on-the-job training, AQF Certificate IV, or at least three years of relevant experience

New Zealand

- Skill Level 3: NZQF Level 4 qualification, or at least three years of relevant experience

High levels of personal commitment, physical fitness and sporting ability may substitute for formal qualifications or years of experience.

Main tasks

- Monitors and patrols designated areas to ensure the safety of swimmers and beachgoers
- Identifies and assesses potential risks and hazards in the water and on the beach
- Educates the public on water safety practices and provides advice on swimming conditions
- Rescues individuals in distress and administers first aid and CPR as necessary
- Maintains and operates rescue equipment and ensures it is in good working order
- Enforces beach and pool rules and regulations to prevent accidents and maintain order
- Assists in the coordination or emergency response efforts with other Lifeguards and emergency services
- Conducts regular inspections of swimming areas and facilities to ensure compliance with safety standards
